WORK EXPERIENCE

Frontend Developer (Full-time)   **01/2022 – Present**
Devbits   *Remote*
- Built and deployed web applications using Nuxt.js 3, Pinia, SCSS/SASS, and Supabase (PostgreSQL).
- Developed web applications with Next.js, React hook form, TanStack Query, Supabase (PostgreSQL) and TailwindCSS.
- Migrated applications from Nuxt.js 2 to Nuxt.js 3, improving performance, user experience and maintainability.

Frontend Developer (Part-time)   **07/2029 – 12/2021**
Devbits   *Remote*
- Developed and maintained single-page applications (SPAs) using Vue.js 2, Vuex, SCSS and Firebase.
- Migrated SPAs from Vue.js 2 to Nuxt.js 2, enabling server-side rendering (SSR) to improve performance, SEO and scalability.

DevOps Engineer   **10/2017 – 12/2021**
Deltek Systems (Philippines) Ltd.   *Makati, PH*
- Maintained and optimized CI/CD pipelines using Azure DevOps and Jenkins, reducing build failures and improving deployment and release cycles.
- Supported QA and development teams by managing environments and resolving issues, ensuring smooth operations and on-time releases.

Frontend Developer   **04/2017 – 10/2021**
Starfish Web Design Philippines   *Makati, PH*
- Developed responsive websites using HTML5 and CSS3.
- Built and customized WordPress websites with custom themes, and maintained Magento e-commerce platforms.

EDUCATION

Camarines Norte State College (CNSC)   **2017**
BS in Information Technology
- Co-developed an online information management system for incoming senior high school students as part of our senior project, using Bootstrap and Laravel.

AFFILIATIONS / COMMUNITY INVOLVEMENT

Director and Tech Lead at Women Who Code Manila (2017 - 2024)
- Co-organized events and initiatives to empower women in tech.
- Led technical study groups on HTML and CSS to support members' skill development.

Volunteer at Python PH (2018)
- Assisted in organizing PyCon PH 2018, the largest gathering of Python Developers in the Philippines
